Career Information

Never before has there been such an interest in nails, so now is the time to become part of this exciting and rapidly expanding industry. This is an ideal career for all ages with the opportunity to work full or part time, to be self employed or to gain a skill which will enable you to re-enter the workforce.

NSI (Nail Systems International)

NSI's manufacturing plant is in the USA and is at the forefront of technological advancement and expertise in the nail industry. It has produced award winning products which are used extensively throughout the world by some of the very best nail professionals.

Auckland Nail Academy

Auckland Nail Academy offers the highest quality, most competitively priced training available together with on-going educational support. Our tutors are experienced nail technicians with training which has provided them with invaluable knowledge and expertise. The students achieve a high standard in a relaxed and friendly atmosphere. Our commitment is to maintain the highest possible level of professionalism in teaching, thus providing a stimulating and sympathetic learning environment for maximum success.

Course Information

Class sizes are small to ensure you receive personal attention. We have a flexible schedule of courses to help you achieve your objective. The Diploma and Foundation Courses both include a comprehensive manual and training kit valued at over \$500.

All products and equipment are supplied while training and a 10% discount is offered on any purchases. On completion of your course, successful students will receive an internationally recognised qualification.

Contact us today to discuss the correct option for you. When you have decided which course to take, fill in the enrolment form and return with the course deposit to ensure your future career in nail technology.
